Look at wiring in photo to identify A or B
A has 3 or 4 cables into and out of central stack
B has 3 or 4 cables into central stack
Note: this assignment is opposite to the SRO
=> is the photo right or slight instrument?

A (note added 10/03/03): S/N 001 = PTM, S/N 002 = V1, S/N 003 = V2
Photos of PTM might be of either V1 or V2 configuration
